

ORDERS FOR MONEY ARE NOW SUSPENDED IN MEXICAN STATE

Postoffice Department Issues
Order Affecting Chihuahua
Because of Revolution.

Postal money order business between post offices of the United States and Mexico, the seat of most of the present revolutionary troubles, has been suspended by order of Assistant Postmaster General Brit.

This action was taken because of the unwillingness of the Madero government to stand ultimate payment of orders sold by the rebels, after the rebels had the cash. It was pointed out today that a simple operation whereby money orders could be made out to a confederate in the United States, and cashed by this confederate, could be turned to a prolific source of income.

The director general of posts of Mexico sent a request to the Postmaster General that payment of money orders be stopped and the following order has been issued by the department: "The department hereby directs that all postmasters refuse to pay money orders issued on and after February 14, 1912, at any postoffice in the state of Chihuahua, Mexico. The holders of such orders should be advised to return them to the remitters."

"On the other hand, postmasters must, upon receipt of this notice, decline to issue money orders for payment in the state of Chihuahua, Mexico. Postmasters need not, however, concern themselves about orders issued in that state and already paid by them, nor about orders heretofore issued for payment there."

PRINTER THWARTED IN ATTEMPT TO DIE BY AN ALARM CLOCK

Sounding of Gong Wakens
Landlord, Who Finds
Graham Dying.

Frank Graham, a printer, twenty-three years old, was thwarted in an attempt to die early this morning by the sounding of an alarm clock in the room of Edward L. McIntosh, of 728 Seventh street northeast, with whom the former boarded. McIntosh found Graham lying on a couch in the parlor of the house. He had been overcome with illuminating gas. Three gas jets in the room were turned on, and the windows and doors had been closed tightly and curtains and carpet used to stop up all crevices. At the Casualty Hospital physicians say Graham will recover.

It was just 3 o'clock when McIntosh, who occupies a room in the front on the second floor of the house, was awakened by the unexpected sounding of the alarm clock. How the clock was set to sound at that hour no one can explain. Graham had been out all day. He had returned about midnight, and McIntosh thought that he had gone to his room. When McIntosh awoke at 3 o'clock, the sounding of the alarm he immediately detected the odor of gas and investigated. The Casualty Hospital ambulance was summoned, and the physician in charge found Graham in serious condition.

This afternoon the young man had sufficiently recovered to speak a few words with the doctors. He said he turned on the gas and wanted to die last night, but that now he is thankful his rash purpose had been thwarted. Graham refused to tell why he made an attempt at suicide.

Cardinal Gibbons Confirms Converts

Following high mass at St. Augustine's Catholic Church, 1118 Fifteenth street northwest, Cardinal Gibbons confirmed a class of 20 children and adults this morning, making an address to the class which included thirty converts.

The mass was celebrated by the Rev. William J. Carroll, with two Paulist fathers of the Catholic University assisting as deacon and subdeacon. These were the Revs. J. B. Rome and H. F. Reilly. The Rev. James Towle, also a Paulist, was master of ceremonies.

Cardinal Gibbons preached no sermon, only administering the sacrament of confirmation and addressing the class on the meaning of the ceremony and the importance of the vows taken. The cardinal came to the city early last evening, and passed the night at St. Augustine's rectory. He leaves for Baltimore this afternoon at 4 o'clock, and will return here next Sunday to confirm a class at St. Stephen's.

MINISTER IS SUING WEALTHY POLITICIAN FOR DEFAMING HIM

Congregational Clergyman
Also Names Detective and
Woman Aid.

MINNEAPOLIS, Minn., April 14.—Suits alleging conspiracy, in which three prominent men in Lincoln county, Minn., are involved, are pending in the Lincoln district court. Depositions in the cases have been taken in this city.

The Rev. D. T. Jenkins, 2614 First avenue south, a Congregational minister, with parishes in Tyler, Lake Benton, and Verdi, Lincoln county, is suing Marcus Lauritsen, former State senator, and owner of three banks in Lincoln county, and who is now in business in Minneapolis. Mr. Jenkins is also suing the Third Detective Agency, H. H. Baldwin, St. Paul manager of the agency, and Phema Schumacher, a woman operative of the agency, for \$10,000.

Dr. A. J. Cox, a physician, of Tyler, is suing Mrs. Lauritsen, the detective agency, and its manager, for \$30,000. The suits have grown out of the election of 1908, when Mr. Lauritsen was defeated for State senator. He was opposed in the election by Mr. Jenkins and Dr. Cox. The town of Tyler was split into two factions, and it is charged that Mr. Lauritsen sought to ruin the reputations of the plaintiffs. Mr. Lauritsen has entered a general denial of the charges, declaring the accusations are groundless.

It is charged that Miss Schumacher was employed by Mr. Lauritsen to get evidence to discredit the plaintiffs.
